

Eleanor Gates

The Biography of a Prairie Girl

**This book is a wonderful way to learn about how the prairies were years ago, but you will hardly feel you are learning because you will be caught up with the 'little girl', living with her as she grows up far away from any large city. Very well written, in this book you live, worry, and rejoice, along with the little girl. Whether it is through a prairie fire, raising some interesting and queer pet, having fun at some big prairie-time event, or worming her way out of trouble, the little girl continues to grow, until at the end, you leave, not a little girl, but a young lady stepping into womanhood. - Summary by Trotsa**
